

“WOODVIEW” 267 ACRES

“Woodview” – 425 Old Dyraaba Road, CASINO NSW 2470

PRICE \$1,650,000

Position is the key with this property which is only 11kms out of Casino and runs approx. 70 cows and calves.

This property has plenty of potential with its 267 acres and has a good set of stockyards, plus an abundance of water from springs and dams.

There are several elevated building sites with views and power is available on the boundary.

The land is gentle undulating to flat and has good stands of shade timber throughout.

If you are looking for a good grazing paddock to run breeders or background some steers or heifers, then look no further, as land in this area so close to Casino is getting harder to find.
